

Hi! Welcome to Osborn 3rd Floor

My name is Cal Athmann (they/them) and I am your RA for the Spring of 2024! I am really looking forward to meeting all of you and having a fun semester.

I am majoring in Biochemistry, I work for the school newspaper, the Oracle, and I love attending every campus event that I possibly can. Some of my hobbies include drawing, crocheting, painting, reading, writing, and exploring nature. I also have fun watching movies and TV shows as well as listening to many genres of music (and I would LOVE to hear what movies, TV shows, and music you like!) I find animals to be very adorable so if you have pets you are **required** to show me pictures!! (not really but I would love to see them).

This is my first semester as an RA and I am very passionate about making your experience on this floor the best it can be!

Here is a quick (and hopefully helpful) list of things that you should and should not bring to your dorm:
